SUBJECT: New Commercial Availability (Formerly "Short Supply") Review on
Apparel of Viscose Rayon Filament Yarn, Investigation No. 332-450-009

The U.S. International Trade Commission has commenced a review to provide advice in connection with a petition filed under the "commercial availability" provisions of the Andean Trade Preference Drug Enforcement Act (ATPDEA) on apparel of viscose rayon filament yarn. The subject yarn is classified in subheading 5403.41.00 of the Harmonized Tariff Schedule of the United States.

This review is being conducted under the Commission's investigation for all such requests during 2003, investigation No. 332-450, *Commercial Availability of Apparel Inputs (2003): Effect of Providing Preferential Treatment to Apparel Imported from Sub-Saharan African, Caribbean Basin, and Andean Countries*, which was requested by the United States Trade Representative (USTR).

The Commission's review concerns a petition received by the Committee for the Implementation of Textile Agreements (CITA) on November 24, 2003, from Encajes S.A., Bogota, Colombia, alleging that the subject yarn cannot be supplied by the domestic industry in commercial quantities in a timely manner. The Commission will provide advice to the USTR concerning the probable economic effect on affected segments of the U.S. textile and apparel industries, workers in these industries, and consumers of granting duty-free and quota-free treatment to apparel made in eligible CBTPA countries from the subject yarn should CITA determine that the yarn cannot be supplied by the domestic industry in commercial quantities in a timely manner. The Commission will submit its advice to the USTR in a classified report by January 5, 2004, and issue a public version of the report soon thereafter.

The Commission invites interested parties to submit written statements (original and 3 copies) concerning issues to be addressed by the Commission in this review, by December 10, 2003. Information on procedures for submitting written statements can be found in the Commission's notice of investigation published in the *Federal Register* of February 4, 2003 (68 F.R. 5651) and posted on its website at <http://www.usitc.gov/invfrn.htm#332>.
